"Imagination has brought mankind through the dark ages to its present state of civilization. Imagination led Columbus to discover America. Imagination led Franklin to discover electricity. Imagination has given us the steam engine, the telephone, the talking-machine, and the automobile; for these things had to be dreamed of before they became realities. So I believe that dreams--daydreams, you know, with your eyes wide open and your brain machinery whizzing--are likely to lead to the betterment of the world. The imaginative child will become the imaginative man or woman most apt to invent, and therefore to foster civilization."

The 2007 track season has been indescribable. It has been a season that will be remembered forever. We have accomplished more than any other track team in Northridge history, including setting records in the 100, 200, 1600, 4x800, and shot put. We also won the Angola Relays and the Goshen Relays for the first time ever and placed third in one of the toughest conferences in the state. The fifty-three guys that made up this team were incredible and they were led by one of the most talented, athletic senior classes that I have ever had the privilege of coaching. I want to say thank you to my coaching staff and to the 2007 track team for dreaming big and making this team a **legendary memory** for years to come. - Coach McClane

The joy of the journey.

At Goshen, your learning stretches far beyond classroom walls...
To a campus biophysics lab to observe ion channels.
Or to Peru, to hike the Inca trail.
To a thoughtful Bible study or lively hymn-sing. Or conservation work at our environmental center.
Wherever your Goshen education may take you, your journey will be as meaningful as it is practical, as purposeful as it is unpredictable, as fulfilling as it is fun.

Dearest Kyle,

Words cannot express the deep feelings of love, admiration and respect we have for our most precious daughter. Beautiful in every way possible. Extraordinary and seemingly perfect in our eyes. Ours for but a twinkle in time, we have been honored by your most genuine and pure heart, your pristine character, and your unwavering commitment to an outstanding level of personal values, morals, ethics, and standards. We are sincerely humbled by your many diligently earned accolades and achievements. To wish upon a star for a precious daughter, and to actually receive a dynamic cosmic supernova, has proven to be one of God's greatest gifts to us. We are eternally grateful and proud.
